PREAMBLE

In entering this field of collective bargaining, it has been the intention of the parties by the consummation of this Agreement to continue their harmonious relations, to promote mutual cooperation and understanding, to formulate rules, to define and resolve the proper interest of the teachers in their rights of compensation and conditions under which they perform their duties, all with a goal to improving educational opportunities for the students enrolled in the Montachusett Regional School District.

The parties acknowledge that the Committee has complete authority, except as modified by this Agreement, over the policies and administration of the school which it exercises under law and that this vehicle of collective bargaining will continue to provide the teachers with an opportunity to bring their knowledge and experience to bear on matters of professional concern together with that of the Committee with a goal of assisting in solving the growing problems inherent in the advancement of education.

ARTICLE I **RECOGNITION**

Subject to any applicable provision of state or federal law or regulation now or hereafter in effect, the Committee recognizes the Association as the exclusive bargaining representative of employees in the following unit:

UNIT: All duly appointed, full-time, professional shop and day classroom teachers including guidance personnel, the Librarian, Social Worker, and the School Nurse.

BUT EXCLUDING: The Superintendent-Director, Assistant Director/Principal, Coordinator of Guidance Services, Coordinator Academic & Curriculum, Coordinator Vocational Programs, Assistant Superintendent for Business Affairs, Coordinator of Special Needs, Dean of Students, Director of Technology, Assistant Vocational/School to Work Coordinator, Coordinator of Post Graduate and Continuing Studies, substitute teachers, part-time and other employees of the Montachusett Regional Vocational School District and all others not identified as included.

The position of School Nurse will remain in the bargaining unit and will be covered by the contract until such time as the current school nurse: (1) voluntarily leaves the position; (2) retires; or (3) mutually agrees with the Superintendent-Director that the School Nurse position shall not be covered by the contract. If any of those events occurs, the position will be excluded from the Bargaining Unit, Article I, Recognition Clause and Article I shall be modified to include under the category "But Excluding" the "School Nurse," also the next paragraph dealing with the School Nurse shall be deleted.

This contract shall not apply to the School Nurse with the following exceptions: Article I (Recognition), Article II (Rights of Committee), Article III (Grievance Procedure), Article IV (Arbitration), Article V (Payroll Deductions), Article VI (Salary) - where applicable, Article VII (Teacher Evaluations), Article VIII (Sick Leave), Article XIV, Sections D and I (Conditions of Employment), Article XXI (Continuity of Employment), Article IX (Personal Leave), Article XVII, Section B (Educational Development), Article XI (Bereavement Leave), Article XII (Legal Assistance), Article XVIII (Insurance) and Article XIX (Separation Pay). In all other respects, the School Nurse has the status, hours and working conditions of an unrepresented employee.

For the purpose of this Agreement, references herein to "teacher," "professional staff member," "staff member" and "employee" are synonymous and constitute references to members of the bargaining unit.

ARTICLE II

RIGHTS OF COMMITTEE

The Committee is a public body established under, and with the power provided by, the statutes of the Commonwealth of Massachusetts. As the legislative body charged with the responsibility for the quality of education in, and the efficient and economical operation of, the Montachusett Regional School District, it is acknowledged that the Committee has the final responsibility of establishing the educational policies of the Montachusett Regional Vocational Technical School.

Nothing in this Agreement shall be deemed to derogate or impair the powers and responsibilities of the Committee under the statutes of the Commonwealth or the rules and regulations of any agencies of the Commonwealth. Except as expressly modified herein, said rights and powers include, but in no way are construed as limited to, the subjects mentioned in the table of contents of this Agreement.

As to every matter not expressly covered by this Agreement, and except as directly modified by a specific provision of this Agreement, the Committee retains exclusively to itself all rights and powers and responsibilities that it has or may hereafter be granted by law, and may exercise the same at its discretion without such exercise being made the subject of a grievance-arbitration proceeding.

ARTICLE III

GRIEVANCE PROCEDURE

Section A

1. A "grievance" is hereby defined as a misinterpretation or misapplication of a specific section of this contract to an individual teacher. The grievance shall be in writing setting forth the specific section of the contract misinterpreted or misapplied and the relief sought.

2. A "grievant" is the person or persons or the Association itself making the claim or complaint.
3. A "party in interest" is the person or persons and/or Association making the claim and filing the grievance and any person who might be required to take action in order to resolve the grievance.

Section B - Purpose

1. The purpose of this procedure is to secure, at the lowest possible level, equitable solutions to the problems which may from time to time arise affecting the welfare or working conditions of bargaining unit and covered by this contract. Both parties agree that these proceedings will remain confidential throughout these proceedings (except by mutual agreement).
2. Nothing herein contained will be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration. Teachers shall be entitled at their request to the presence of MTA field staff beginning with Level Three.

Section C - Procedure

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as maximum, and every effort should be made to expedite the process. However, the time limits specified may, except for the initial filing period, be extended by mutual agreement in writing. In the event a grievance is filed on or after June 1st, which, if left unresolved until the beginning of the following school year, could result in irreparable harm to a party in interest, the time limits set forth herein will be reduced so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as is practicable.

1. Level One - An aggrieved teacher directly shall present the grievance in writing to his/her Area Coordinator not later than six (6) school days after the act or omission complained of or had knowledge or should have had knowledge thereof. Should the teacher be physically unable to present the grievance, then a union representative may deliver the grievance. Failure to present a grievance within this time limit shall constitute a waiver of the right to file same. The grievance shall be orally discussed by the Area Coordinator, the aggrieved teacher and/or the representative of the Association Grievance Committee who shall attempt to settle it in three (3) school days.
2. Level Two -
 - (a) If not satisfied with the disposition of the grievance at Level One, or if no decision has been rendered, either immediately after the last mutually agreed upon time extension for same or within three (3) school days after the presentation of the grievance, whichever is longer, the aggrieved person may thereafter file the grievance with the Assistant Director/Principal within two (2) school days after the decision of the Area Coordinator or at the end of the mutually agreed upon time extension, whichever is longer.

- (b) The Assistant Director/Principal will meet with the aggrieved person and/or a representative of the Association within five (5) school days after receipt of the grievance in an effort to resolve it.
3. Level Three
- (a) If not satisfied with the disposition of the grievance at Level Two, or if no decision has been rendered within five (5) school days after the aggrieved person has first met with the Assistant Director/Principal he/she may refer it to the Superintendent-Director or his/her designated representative within two (2) school days after either the decision of the Assistant Director/Principal or immediately upon expiration of the mutually agreed upon time extension, whichever is longer.
 - (b) The Superintendent-Director or his/her designated representative will meet with the aggrieved person and/or a representative of the Association within five (5) school days after receipt of the grievance in an effort to resolve it.
4. Level Four
- (a) If not satisfied with the disposition of the grievance at Level Three, or if no decision has been rendered within five (5) school days after the aggrieved person has first met with the Superintendent-Director or his/her designated representative, the aggrieved person may refer it to the School Committee within five (5) school days after either a decision by the Superintendent-Director or his/her designated representative or immediately upon expiration of the mutually agreed upon time extension, whichever is longer.
 - (b) Within ten (10) school days after receiving the written grievance or at its next regular School Committee meeting, a subcommittee of the School Committee (herein referred to as the "Subcommittee") or the full Committee will meet with the aggrieved person and an Association representative, if the aggrieved person so desires, for the purpose of resolving the grievance. The ultimate decision on the grievance at this level, however, will be rendered by the full School Committee.

Section D - Miscellaneous

1. Any grievance not submitted to a higher step in the grievance procedure within the time limits provided above shall be deemed settled on the basis of the decision of the School Committee or applicable member of the administration of the Montachusett Regional School District in the last level in which the grievance was discussed and shall not thereafter be subject to further processing.
2. All documents and material related to the processing of grievances shall be filed separately from personnel files.
3. Whenever an aggrieved teacher contests a misinterpretation or misapplication of a specific section of the contract by an administrator above the level of Area Coordinator or by the School Committee, the Area Coordinator may refer the grievance to another level, if appropriate, in lieu of answering within three (3) school days. If the grievance is referred to another level, the applicable provisions for the level to which it is referred and any succeeding levels will apply.

Section E – Right to Representation

The employer shall inform employees of their right to be represented by the Association before any disciplinary meeting or any meeting from which discipline may result.

ARTICLE IV
ARBITRATION

Section A

In the event that the grievance had not been satisfactorily disposed of at Level Four, or in the event that no decision has been rendered within five (5) school days after the Level Four meeting, the Association may refer in writing within five (5) school days of the disposition under Level Four, the unsettled grievance to arbitration and shall advise the Superintendent-Director of this decision in writing at the same time. The arbitrators shall be selected by agreement between the parties. If the parties are unable to agree upon the arbitrator, the selection shall be made by the American Arbitration Association in accordance with its rules and regulations.

Section B

The arbitrator shall be without power or authority to add to, subtract from, or modify in any way the provisions of this contract.

Section C

The decision of the arbitrator shall be in writing setting forth his/her conclusion and the reasons therefor. This decision shall be binding as provided by law. The cost of arbitration shall be borne equally by the Committee and the Association.

Section D

The decision of the arbitrator shall rule only on the interpretation of the grievance as it applies to the contract.

Section E

No reprisals of any kind shall be taken by the School Committee or the administration against any party or representative in connection with use of the grievance machinery.

ARTICLE V
PAYROLL DEDUCTIONS

Section A

The committee agrees to deduct from each teacher's salary a deduction for dues as authorized by each teacher individually and voluntarily and to transmit such monies deducted to the Treasurer of the Association (M.R.T.A.), 1050 Westminster Street, Fitchburg, Massachusetts, on a monthly basis. The Association agrees to submit to the Committee a written dues authorization card duly signed by each individual member authorizing this deduction prior to October 1. This authorization card shall be in accordance with the requirements of applicable law. Authorization cards may be withdrawn and no further dues shall be deducted provided the individual staff member gives the Business Manager notice sixty (60) days in advance in writing with a copy to the Association. Dues shall be deducted for MRTA, MTA, NEA, and MVA/AVA. The procedure for deductions shall be mutually agreed upon between the Association and the Business Manager.

Section B

Effective September 1, 1983 or thirty (30) days after employment, whichever is later, as a condition of employment, an agency service fee equal to that portion of Association dues used for collective bargaining and contract administration purposes shall be deducted from the salaries of members of the bargaining unit who are not members of the Association. Said fee shall be handled in the same manner as dues in Section A above. Said deduction shall be made and such fee required in accordance with Section 12 of Massachusetts General Laws, Chapter 150E and shall be made if a service fee authorization card has been duly signed by the bargaining unit member involved.

Section C

The Association agrees to indemnify and to hold the Committee harmless against any and all claims, demands, suits or other forms of liability that shall or may arise out of or by reason of any action taken by the Committee for the purpose of complying with the provisions of Section A or for the purpose of complying with the provisions of Section B in connection with the making of payroll deductions.

Section D

When authorized individually and voluntarily by a teacher, payroll deductions shall be arranged to permit the making of payments to a credit union or bank and to pay for the teacher's share of insurance benefits provided for in Article XVIII of this Agreement.

Section E

Nothing contained within this Article shall preclude payments made pursuant to this Article by means other than payroll deductions provided that the School Committee shall have no responsibility for collecting dues or fee assessments.

ARTICLE VI **SALARY**

Section A

The salaries of all persons covered by this Agreement are set forth in Appendix "A" which is attached hereto and made a part hereof.

Section B

1. All persons on the teacher salary schedule will be paid in twenty-six (26) consecutive equal installments. Payments shall be made by direct deposit to the bank or credit union of the employee's choice.
2. Upon written application made to the Superintendent-Director, at least thirty (30) days prior to the last day of school, a teacher may choose to be paid the remainder of his/her salary in a lump sum in the last pay period in June.

Section C

Annual increments will be granted by the Superintendent-Director provided the teacher displays satisfactory teaching performance as determined by the administration through the evaluative procedure established after consultation with and input from representatives of the Association. If a teacher is to have an increment withheld, he or she shall be so notified in writing before the end of the school year, preferably by April 15. Said teacher shall be given an opportunity to personally discuss with the Superintendent-Director or his/her designee the reasons therefor. Such meeting shall be scheduled no later than five (5) school days after notification. If not satisfied after any such discussion(s), said teacher may file a grievance in accordance with Article III directly with the School Committee at Level Four, not later than six (6) school days after said discussion.

Section D

The Committee may, in its discretion, grant credit toward lateral movement on the salary schedule to nonacademic teachers for attendance and completion of MAVA or equivalent workshops held for professional improvement. The Committee will determine at its discretion whether credit will be given for a particular workshop, and, if so, how much credit. All requests for credit must be submitted to the School Committee through the Superintendent-Director sufficiently in advance of the scheduled workshop to permit Committee review and action and must include, for a non-MAVA workshop, a brief written rationale for taking a non-MAVA workshop credit. The Committee may, in its discretion grant credit toward lateral movement on the salary schedule to registered allied health professionals for professional improvement, including continuing education credits taken to maintain their licensure or registration when courses for such credits are taken during non-working time. Credit shall be given as provided by the Accredited Boards of Registration (15 CEU's = 1 credit). The Superintendent-Director may recommend Committee approval or denial of the particular request if he/she wishes, but such recommendation will not be binding on the Committee.

Section E Longevity

Said longevity payments shall be made on the first pay period of December of each year, with the amount of payment calculated based on the previous year completed.

- B 1. A bargaining unit member with at least fifteen (15) years of service completed at Monty Tech may elect longevity payments of \$3,200 (for a total of \$9600) in each of three consecutive years in addition to any applicable longevity pay provided for in Section A above.

After receiving the above longevity payments under section B1 of this Article, the member will not be entitled to any further longevity payment (Section A and/or B1 of this Article).

In the event the bargaining unit member elects payment under Section B1 of this Article and his/her employment is terminated, for any reason, prior to completion of the three (3) year employment period referenced in said Section B1, such member shall receive a lump sum payment upon termination of the difference between \$9600 and any amounts already collected by the member under said Section B1.

The above longevity pay will be paid to a surviving spouse or other beneficiary in the event of death of the employee, provided application as referenced in Section B2 of this Article has been made.

- B 2. Bargaining unit members must apply for the longevity payment on or before January 1 preceding the academic year in which they wish to begin collecting said benefit. The Superintendent-Director may, at his sole discretion, waive the application time line in specific instances.
- B 3. Application is required to receive payments provided under Section B1 of this Article and immediate placement is not insured, since the system retains the right to set budget limits.
- B 4. In the event that Monty Tech determines, in its sole discretion, that an abnormally high number of members (in excess of 10) elect payment provided under Section B1 of this Article in a specific year and there are insufficient budgetary resources to support all such payments, the following sequence of events will take place:
- a. A request will go to all members who have elected this option seeking members willing to delay the start of this option to the next school year. Members will have five (5) school days to respond to this request.
 - b. If a budgetary problem still exists after voluntary delays are sought, members electing this option will start in order of seniority, with the most senior being placed first and the remainder placed at the top of the list for the next school year. It is understood that the School District will fund a minimum of ten (10) applicants, or all applicants who apply in any year, if said number of applicants is less than ten (10).
- B 5. No bargaining unit member will be denied immediate placement as provided in Section B1 of this Article for any reason other than specified in Section B3 or B4 of this Article.
- B 6. The Montachusett Regional Vocational Technical School District School Committee and the Montachusett Regional Teachers' Association will review this Article prior to the ratification of all subsequent contracts to increase/decrease or leave unchanged the longevity payment provided in Section B1 of this Article, however, consensus and separate agreement between the School Committee and the Teacher's Association is required for a change to become effective.
- B 7. **Implementation of Longevity:** The Longevity plan described above will replace the district's obligation under Article XIX - Separation Pay and the longevity table presently attached to the teacher salary schedule, appendix 'A.' However, employees may opt out of Section B of the longevity plan and continue to qualify for Article XIX - Separation Pay, subject to the following conditions:
Within 60 days of the date of ratification of the contract (successor to 9/1/99 thru 8/31/02) as indicated in Article XXV - Duration -
- (1) The employee must be within 5 years of retirement.
 - (2) Each employee desiring to opt out of longevity section B must inform the District, in writing, of his/her desire to remain under the terms of separation pay. Notice of intent to retire must be provided concurrently.

Any employee failing to provide such notice as indicated above shall be automatically enrolled in the longevity plan and lose all rights and privileges associated with Article XIX 'Separation Pay.' It is further understood that the decision to remain on the current separation pay, or participate in the longevity plan is final and irrevocable once the 60 day decision period has expired.

Section F Merit Pay and Mentor Teachers

The Superintendent-Director, at his/her sole discretion, may recognize and compensate deserving teacher(s) for outstanding performance.

Mentor teachers shall receive a compensation of \$700.00 per provisional teacher.

Mentor coordinator(s) shall receive a compensation of \$1500.00

ARTICLE VII
TEACHER EVALUATION

Section A

All observations by any means for purposes of evaluation of professional performance of a teacher will be conducted openly and with full knowledge of the teacher. Supervision of teachers will be conducted openly and with full knowledge of the teacher.

Section B

The Teacher Evaluation will be in conformance with the attached Teacher Evaluation Agreement (See Appendix D).

Section C

The contents of evaluation reports are not subject to the grievance and arbitration procedures of this Agreement except that any contention that an "unsatisfactory" evaluation is arbitrary or without foundation may be raised through the grievance procedure to the level of the School Committee.

ARTICLE VIII
SICK LEAVE

Section A

Teachers shall be entitled to fifteen (15) days sick leave granted in the following manner:

1. Teachers with zero to one (0-1) year of service: eight (8) days granted on the first official day of the school year provided that they work that day and seven (7) additional days granted on January first of that school year.
2. All other teachers: fifteen (15) days sick leave granted on the first official day of the school year, provided that they work that day.
3. Teachers not reporting on the first day shall be entitled to all sick leave for the coming academic year pro-rated from the first day that they report to work, unless excused by the Superintendent-Director or his/her designee, or unless on extended sick leave.
 - a. Teachers leaving the system will be credited with sick leave which is pro-rated for the actual time worked.
4. Unused sick leave will accumulate to one hundred eighty (180) days for staff hired after September 1, 1998.

Section B

Sick leave may accumulate without limit from year to year for those teachers employed prior to the school year beginning September, 1998.

Section C

The School Committee may grant extended sick leave in its sole discretion with or without pay.

Section D

Sick leave may not be used for any other purpose except illness or injury to the teacher. A doctor's certificate may be required upon return from an absence exceeding five (5) consecutive days. The teacher must notify the designated representative of the Superintendent-Director on or before the first day of the absence due to illness or injury, and inform him/her as to the nature of the illness, and as to when the teacher expects to return to work. The teacher is expected to keep the designated representative of the Superintendent-Director reasonably informed during such absence. Abuses of sick leave will be treated as individual disciplinary cases by the Superintendent-Director.

Section E

The Superintendent-Director shall provide, by September 30 of each school year, or as circumstances permit, a written notice of the number of accumulated days of sick leave available to each teacher.

ARTICLE IX **PERSONAL LEAVE**

Section A

It is recognized by all that absences by regular teachers from the classroom interrupt the educational process and must, therefore, be held to an absolute minimum.

Section B

In each school year, the teacher shall be entitled to three (3) days personal leave for only imperative personal business or legal obligations which cannot be conducted outside of school hours. Requests for such leave must be made in writing to the Superintendent-Director as early as possible for his/her approval, but not less than three (3) school days before such absence occurs, except in emergencies. No request for personal leave will be submitted so as to extend a holiday or vacation period, nor shall personal leave be taken during the first two weeks or the last two weeks of the school year unless in an emergency. Personal leave days are not cumulative. The teacher shall be notified in writing of approval or denial not later than twenty-four (24) hours prior to the requested absence.

Employees who use any combination of personal or sick leave, totaling less than three (3) days will be compensated for those days at the rate of fifty (50%) percent of the individual's daily rate.

Section C

Nothing in this section shall preclude the Superintendent-Director from granting additional personal leave with or without pay for reasons which he/she deems urgent. In cases of personal leave without pay, deductions from salary will be made on the basis of the daily equivalent of the teacher's salary for each such day. The "daily equivalent" will be derived by dividing the teacher's salary on an annualized basis by one hundred eighty-three (183) days.

Section D

Leaves of absence with pay will be granted for purposes of the following special religious observances:

- a. Good Friday
- b. Rosh Hashanah (2 days)
- c. Yom Kipper (1 day)
- d. Eastern Orthodox Good Friday

Section E

Temporary leaves may be granted for time necessary for appearances in any legal proceeding connected with the teacher's employment or with the school system.

Section F - Extended Leaves of Absence

A leave of absence without pay for one academic year may be granted, upon request, to full-time staff members who have completed seven (7) continuous years of service in the system as full-time staff members.

- a. The Superintendent-Director may recommend such leave for the individual staff member concerned and the School Committee may approve such leave.
- b. No more than two (2) staff members may be out on a leave of absence at any one time under the terms of this Article.
- c. The Superintendent-Director's recommendation shall be based on the total professional work performance at the School District (i.e., experience, attendance, evaluations, etc.).
- d. All benefits to which a staff member was entitled under the collective bargaining agreement will be restored to the staff member upon return to service, and the staff member will be placed on the applicable step of the salary schedule he/she attained when the leave commenced.
- e. Leave under this section shall not be taken more frequently than every seven (7) years provided that no other qualified applicants who have not had such leave are seeking said leave.
- f. A request for a leave of absence must cover one complete school year and shall not overlap school years.
- g. The seven (7) years referred to above shall be broken by sixty (60) days absence for any reason other than sick leave (i.e., sabbatical, extended maternity leave, etc.).
- h. Applications for leave under this section may not be filed until January 1 of any year and must be submitted by February 28 of that year.
- i. The provisions of this section are separate from the provisions of other sections of this Agreement under which leave is granted; e.g., Section G, Maternity Leave. However, if a staff member is granted a leave of absence pursuant to this section to begin immediately before or after or to run concurrently with any other leave, the total time of that staff member's

absence will not exceed one academic year unless the Committee in its discretion specifically approves otherwise.

- j. Unused accumulated sick leave shall be restored to the teacher upon his or her return and he or she will be assigned to the same position that the teacher previously held at the time of the leave, if available, or as required by applicable statute. If the same position is not available, the teacher will be assigned to the most nearly equivalent position that is available for which the teacher is certified and qualified. The Superintendent-Director shall be the sole judge of the equivalency of the available position and the qualifications of the teacher.
- k. The Superintendent-Director may recommend a third extended leave of absence under this Article to the School Committee for its approval provided that emergency conditions or compelling reasons exist for granting said leave.

Section G - Maternity Leave/Military Leave/Non-Discrimination

The School Committee will comply with Federal and State statutes in connection with military leave, maternity leave, and unlawful discrimination.

- a. Section 105D, Chapter 149, of the General Laws. (Maternity Leave)
- b. Section 4 of Chapter 151B of the General Laws.
- c. Selective Service Act of 1940, as amended.

Section H - Jury Duty

1. Teachers who serve jury duty shall be paid in accordance with Massachusetts law. If school is in session while a teacher serves jury duty, a teacher who serves as a juror shall be paid the difference between his/her regular salary and all payments received for jury service, exclusive of any travel allowances.
2. In order to receive pay from the District under Section 1, a staff member must present written proof acceptable to the Superintendent-Director or his/her designee that he/she tried to postpone his/her jury duty until school was not in session.

ARTICLE X **SABBATICAL LEAVE**

Section A

Any member of the full-time teaching staff who has served continuously in the Montachusett Regional Vocational Technical School for a period of at least six (6) full years may, upon recommendation of the Superintendent-Director, be granted sabbatical leave not exceeding one (1) year for advanced study in an area of particular advantage to the school system or for study in a Doctoral program.

Section B

A teacher on sabbatical leave shall receive compensation equal to the difference between his/her annual salary and the total amount or amounts of any grants or financial assistance he/she may have received from outside sources for the purposes of his/her sabbatical leave, provided, however, that in no event shall the amount of the salary to be paid to such teacher exceed one-half (1/2) the annual salary to which he/she would have been entitled had he/she remained in the school system that year. The term "grants or financial assistance" shall not include the cost of required tuition or book expense where such can be verified.

Section C

Requests for sabbatical leave must be submitted in writing to the Superintendent-Director by January 1 of the calendar year for which the request is made and approval or disapproval will be made in writing by April 1.

Section D

Before beginning the sabbatical leave, the teacher shall enter into contract to return to active service in the Montachusett Regional Vocational School District for a period of at least two (2) years after the expiration of such leave. Section C

Therefore, teachers may be required to attend monthly meetings after school. Agendas will be posted at least two (2) school days in advance of the meeting. In addition to these monthly meetings, teachers attendance at additional functions is necessary for efficient operation of the school. However, the parties recognize that attendance at all evening functions may not be possible, therefore, active participation to the fullest extent is encouraged and attendance at evening meetings other than one (1) Open House, which may be on a weekend, two (2) Parents' Nights and one (1) other night as may be requested by the Superintendent-Director shall be on a voluntary basis. In addition, it is strongly encouraged that all teachers attend graduation.

Teachers are expected to dress in a way that is a credit to the teaching profession. Teachers must ensure proper dress at all times. Teachers are a role model for students-and their dress should reflect the professional role they fill. Vocational-Technical instructors shall dress in a manner reflective of the standards of their industry and in conformance with all safety and health codes. Academic instructors and office-based technical instructors shall dress in a manner reflective of the standards of professionals in an office setting. This does not preclude the opportunity of dress down days when appropriate.

- a. In order to receive a uniform or coat, a staff member must request one in writing prior to the end of the first week of the school year.

Such authorized employees using their personal vehicles for school-related reasons shall be reimbursed for such mileage at the current IRS rate.

Section J REDUCTION IN STAFF AMONG TEACHERS IN THE BARGAINING UNIT

I. General Statement of Policy

It is recognized that it may become necessary to eliminate certified staff positions in certain circumstances, such as a decrease in enrollment, a decrease in revenues, or for other reasons. It is hereby recognized that it is within the sole discretion of the School Committee to reduce the educational program and staff.

II. Guidelines

When it becomes necessary to reduce the number of teachers, the Committee shall first determine and identify the area(s), position(s) or curriculum part(s), in which the reduction(s) shall take place. In determining the identity of teachers who shall thereafter be released, the following guidelines shall apply, except in unusual circumstances which the parties recognize may arise from time to time due to the character and needs of a vocational-technical institution.

1. Retirements, resignations, non-renewals and terminations among the teaching staff will first be reviewed to determine if the staff is reduced in sufficient number in this manner to avoid further release of teachers.
2. If additional teachers must be released, a review will be made of the performance and ability, as well as length of service as a member of the school's staff of the non-professional status teachers in the positions to be reduced, non-professional status teachers being those staff members duly elected by the Committee who have not yet received tenure under the General Laws.
3. Based upon the recommendation of the Superintendent-Director, and if in the judgment of the School Committee, compelling or specialized educational needs do not exist which require retention of a non-professional status teacher, teachers who have received professional status under the provisions of the General Laws shall not be released until all non-professional status teachers within the position(s) designated for reduction have first been released. If it becomes necessary to reduce the number of professional status teachers and if the performance and ability among professional status teachers in the area of reduction is substantially equivalent, the teacher having the longest length of service in the school system shall be given preference. However, where there is a difference in performance and ability as determined by the Committee, or

where the Committee determines that specialized job requirements or needs exist, the more capable or skilled teacher shall be retained. Certification, academic degree status, and additional course (Graduate) credits shall also be considered where appropriate. Further, in cases of staff reduction caused by declining student enrollment, professional status teachers shall be permitted to displace non-professional status teachers in other positions in the school, provided that they are qualified and certified to fill the position.

III. Policy Provisions Not Applicable To Promotions

Nothing herein shall be construed or interpreted to require the promotion of a teacher to a position of higher rank, authority or compensation.

IV. Notification

The School Committee shall provide written notice to the employee(s) to be affected by any reduction in staff stating the reasons for said reduction as far in advance of the effective date of the reduction as is feasible under the circumstances but not later than June 15 preceding the start of a school year.

V. Benefits

- A. An employee who has been separated due to reduction in force (RIF) may continue to participate in any group insurance program for the recall period specified in VI below, provided he/she pays the full cost of the program and provided, further, that the provisions of the appropriate group policy permit such continuation.
- B. Upon return from reduction (recall), an employee shall be granted any sick-leave benefits he/she had accrued up to the point of his/her termination.

VI. Recall

- A. Any employee terminated pursuant to this article shall have recall rights to any position which becomes vacant and for which he/she is qualified for a period of one (1) calendar year and two (2) years after ten (10) cumulative years of service from the effective date of termination.
- B. In the event of recall, the employee shall be placed on the salary schedule at the level he/she had attained at the time of termination, unless the position which the recalled teacher fills specifically pays a lesser compensation.
- C. No new employee shall be hired into the bargaining unit while any teacher qualified and certified to fill a vacancy possesses recall rights and wishes to fill said vacancy. The effective date of such qualification and certification will be determined in accordance with subdivision D below.
- D. If a teaching position within the bargaining unit becomes open during such period and a teacher on the reappointment list is certified and qualified to hold that position, then the teacher will be notified in writing by registered mail, sent to the teacher's last address appearing on Committee records, prior to the anticipated date of reemployment. Any teacher so notified must accept or reject any offer of appointment in writing within six (6) days after receipt of the notification and in no event later than eight (8) days after the notification is sent. If such teacher rejects any appointment offered or does not respond in writing

within the eight-day period according to this procedure, the teacher's name will be removed from the possible reappointment list, and he/she shall forfeit all such recall rights. Teachers shall be recalled in their inverse order of termination, to positions for which they are certified and qualified, unless, in the judgment of the School Committee, compelling or specialized educational needs or skills are present which justify departure from inverse recall. Such qualification and certification referred to in this section will be determined as of the effective date of the teacher's separation, provided that any teacher who obtains additional qualification(s) and certification(s) during the one-year period set forth in subdivision A above will be offered appointment in this new area if:

1. The teacher submits satisfactory proof of new qualification(s) and certification(s) to the Committee, and
 2. Every teacher who had certification and qualification for this position as of the effective date of his/her separation has rejected or failed to respond to an offer of appointment.
- E. During the period in which they are subject to recall, professional status teachers shall be given preference on the substitute list if they so request in writing.

Section K

Staff members involved in vocational programs outside of school facilities for educational purposes may be required to transport students. If such transportation occurs in vehicles that require Class II Licenses, staff members shall:

1. Not be required to pay for the cost of obtaining a Class II license for this purpose.
2. Not be required to drive vehicles that are larger than the present District-owned minibuses (16 seats or less).
3. Not be subject to dismissal solely because of the loss of their driver's license or because they are unable to drive due to a physical condition except as noted in 8 below.
4. Be covered by the Committee's umbrella liability insurance policy.
5. Continue to receive their 30-minute duty-free lunch period.
6. Be reimbursed for the cost of a physical examination if required or, at the School Committee's option, take a physical examination by the School Committee's physician at no cost.
7. Take an eight (8) hour refresher course on their own time as a group at the Committee's expense.
8. The failure of a staff member to exert a reasonable effort to obtain and/or retain such a license shall be grounds for disciplinary action.

Section L – Safety and Health

The Employer shall provide a safe and healthful working environment. Employees shall not be subjected to unsafe or hazardous conditions in the course of their employment or be required to perform tasks that endanger their or their student's health, safety or well being.

The Employer and the Association shall form a Safety & Health Committee. The committee shall forward recommendations regarding Safety & Health issues to the Superintendent-Director.

EFFECT OF AGREEMENT

Section A

This Agreement contains the full and complete agreement between the Committee and the Association on all bargainable issues and supersedes all prior understandings, practices, procedures, and policies for the employees covered by this Agreement, whether oral or written.

Section B

The parties further acknowledge that, during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands with respect to any subject matter not removed by law from the area of collective bargaining, and that the understanding and agreements arrived at by the parties, after the exercise of that right and opportunity, are set forth in this Agreement. Therefore, the Committee and the Association,

for the life of this Agreement, each voluntarily and unqualifiedly waives the right and each agrees that the other shall not be obligated to bargain collectively with respect to the subject matter not specifically referred to, or covered in, this Agreement even though such subject or matters may not have been within the knowledge or contemplations of either or both parties at the time that they negotiated or signed this Agreement.

Section C

No provision of this Agreement shall be retroactive to the effective date unless otherwise specifically stated below:

1. Salary
2. Course reimbursement.

Section D

If any provision of this Agreement or any application thereof shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications will continue in full force and effect.

ARTICLE XXV
DURATION

The contract, including Appendix "A" through Appendix "D" automatically renews itself for periods of one (1) year thereafter unless either party notifies the other in writing by September 15 of the academic year prior to expiration that it wishes to open negotiations.
